TEACHERS HERE FOR INSTITUTE

Two Days Session Brought
Out Large Attendance
of Pedagogues.

PLEASED WITH ARRANGEMENTS

Everything Conspired to Make This
Teachers' Meeting One of Best
Ever Held in the County.

A most successful two days' session of the Van Buren County Teachers' Association and Institute was held at the high school building Friday and Saturday of last week.

Teachers from all over the county commenced to arrive on the early train and by Friday noon over 200 had registered. Pres. A. D. Prentice of South Haven was on hand fully prepared for work and things were soon progressing in a satisfactory manner. The institute was the largest in the county for years, and it was a great satisfaction to the ones having it in charge, that the program was carried out almost without a hitch the speakers responding faithfully.

Each session was opened with music—a half hour of singing from The Knapsack, the book universally used in school. The benefit derived from this exercise is invaluable to the spirit of institute work—as everyone needs to be keyed up to the pitch of harmony, and to have music in their souls to do their best in this particular line of work. These family gatherings promote personal friendship and acquaintance and each teacher is a cog in the wheels of the big county educational machine that works together for good.

Ex-Supt. of Public Instruction, H. R. Pattengill, is the dynamo that creates the spark of enthusiasm and sends the machine down the road to accomplishment with its book, book, and leaves the influence of his earnestness and energy that can only be measured as time goes on by the results obtained. Mr. Pattengill's addresses were listened to with great interest. His thirty or more years in school work entitles him to the credit of knowing whereof he speaks. It is his life work and he is giving of his rich lore gathered by his long experience.

A number of exhibits from different schools were shown; Ralph Windoes of South Haven having a splendid manual training display.

The sectional meetings were of unusual interest as were also the practical

Continued on page 4.

COMPANY SHOWS APPRECIATION

Edson Woodman of Cass
Ins. Co. Gives Firemen
Ten Dollar Bill.

The Paw Paw Firemen were happily surprised last Saturday to receive a ten dollar bill from Edson Woodman.

Mr. Woodman is one of the directors of the Cass County Mutual Fire Insurance company, a position he has held for many years. This gift to the Fire Department is in appreciation of the prompt manner in which the Fire Department responded in saving the Huff residence, which was insured in Mr. Woodman's company. This residence is outside the corporation, but this fact made no difference to the firemen. It was within reach of a hydrant and the property was saved. The loss was adjusted at \$35.

The firemen desire to express their thanks to Mr. Woodman and to the Insurance company for their substantial donation. It is such acts as this that show the boys their efforts are appreciated, and is an incentive for better and more efficient service. Paw Paw believes that it has one of the best volunteer fire companies in the state.

FINEST BOY IN LAND.

Mr. and Mrs. George Hopkins are rejoicing over the advent of a fine 10 pound boy born to them on Thursday of last week. George says it is the finest specimen of a boy in the country, and he is as jubilant as a boy with a brand new pair of red top boots.

GLAD TO SEE HIM OUT.

Wm. Long was on the street the first of the week. He suffered a stroke of paralysis last fall and this was the first time that he had been down town since the first week in December. His friends were glad to see him out once more.

UNCLE WILL THAYER HAPPILY SURPRISED

Lodge Brothers Swooped Down Upon
Him at His Home Last Thursday
Evening.

Fraternalism was demonstrated Thursday night in a manner that appeals to the lodge man. No brass band, no grandstand play, just a quiet crowd of the best citizens marching down the middle of the road to the residence of "Uncle Bill" Thayer and swarming around him at his fireside with a hearty handshake, showing their appreciation of a noble work well done. The men were Masons, their visit in the nature of a surprise. A large quantity of oysters and other edibles were consumed, taxing the capacity of the epicures, many whose gastronomic efforts are a matter of history. The program was simply an old fashioned fireside visit with congregational singing thrown in.

"Uncle Bill" is not only the mascot of No. 25, F. & A. M., but one of its oldest members. He has been closely in touch with all the work in both the blue lodge and the chapter, and the weather has never been too bad for him to attend a meeting, nor has he been so busy that he couldn't spare the time to coach a new brother. May he be spared for many years to participate in the mysteries of this ancient order.

SPARROWS PAY LIFE PENALTY

Fifteen Thousand Killed
During Three Months
of Bounty.

In a former issue of this paper, we gave some statistics as to the number of sparrows killed by the law during the winter months. The bounty of two cents per head is paid by the county as the vouchers are sent in.

Information regarding the number of sparrows brought into the clerks' offices of the several townships of the county was given out by County Treasurer Stoughton to The True Northerner the first of the week. During the month of February, or from February 1 until March 4, Van Buren county paid \$175.38 bounty—8,769 sparrows' heads. In January 4,419 birds were destroyed, making in two months 13,218 destroyed. The preceding month of December was not as heavy, but it can safely be estimated that 15,000 of these little pests have been destroyed within the three months allotted for their extermination.

A rather novel scheme was employed by the Modern Woodman lodge of Glen Dale, whereby the members chose sides for a sparrow contest, the winning side to be the guests of the cheerful losers at an oyster supper served in approved style. Two weeks was decided upon as the length of time to demolish the crop of sparrows and they did a good stunt. Upon reviewing the carnage it was found that one side had slain in cold blood 913 of the insurgents, while the opposing side had to their credit 1,047. This is a sort of summary of the affair.

The splendid spread was forthcoming, a most enjoyable social time resulted, there will be nearly 2,000 less industrious little pickpockets doing the farmers' next season and \$39.20 in cold cash awarded to the Modern Woodmen of Glendale who do things that count with their little hatchets. How is this for a fortnight's work?

PLANS TO HONOR THE PATRON SAINT

A St. Patrick's day bacquet under the auspices of the Catholic church will be given on Thursday evening, the 21st, in the town hall, Decatur.

The ladies of the parish are leaving nothing undone to make the occasion a memorable one. The menu card provides for the most fastidious taste. The music and literary program includes among others the names of Miss Russ and Prof. Donovan of Paw Paw; Mr. W. Banyon of Benton Harbor; Rev. Prof. O'Neil of Notre Dame University and several other speakers and singers of inter-state notoriety. The Dowagiac orchestra will furnish music.

Tickets can be obtained of Father Clarkson or at Decatur at time of banquet.

BIG LOAD OF WOOD.

Elton Ampey holds the record for the largest load of wood drawn to Paw Paw this winter as far as The True Northerner has learned. Elton drew last week, four and one half cords of green wood to town on one load. If any one can beat it, let us hear from them.

HENRY LANE WILSON, AMERICAN AMBASSADOR TO MEXICO

IF newspaper men are not born diplomats a good many of them achieve diplomatic posts and acquit themselves creditably. The American ambassador to Mexico has been walking no primrose path during the late unpleasantness in the neighboring republic, and there may have been times when the Hon. Henry Lane Wilson looked with regret upon the time when he edited the Lafayette (Ind.) Journal and had no weightier worries than pacifying irate citizens who had been mentioned or hadn't in local "stories." But his genial manners brought him and the United States safely through the perplexities of the anti-Diaz rising, and the correctness of his attitude was admitted by both parties in the revolution. Mr. Wilson left Indiana in the eighties and became a banker in Spokane, Wash. He has been minister to Chile and Belgium and has served the country in various important international conferences.

WOLVERINE NURSERIES PLANNING TO HANDLE GRAPES THIS SEASON

Question Discussed in Meeting Last Saturday. Sentiment Favored Such Action. Would Make Good Fruit and Good Pack Imperative.

Several members of The Wolverine Co-Operative Nursery Co. Ltd. having petitioned their directors to handle grapes and other fruits in car lots from Paw Paw the coming season, a meeting was held at the council rooms Saturday, March 9th, for the purpose of ascertaining the extent of the feeling among the members and others toward such action.

There were about fifty good progressive grape growers present and the plans under which the company would handle the crop were fully outlined by the general manager.

He stated that he did not deem it advisable to add to the amount of shipping organizations except the products were such as to go in a class by themselves and not thereby be in competition with the general run of fruit, but that any organization of individuals who adopted a grading system whereby its members were assured of the entire pack being of high standard, would surely succeed.

He stated that if a sufficient number of the growers desired to pack a strictly select grade of 8 pound goods which should contain only selected clusters of good sized, well grown fruit and place a specific personal guarantee on each package the company was ready to handle their product.

It was decided to pack all sound, ripe fruit with perfect shaped bunches not less than three inches in length and with berries not over ten per cent under the average of the variety being packed, using this grade as a select 8 pound grade and packing the balance of the crop in jumbo baskets for bulk.

The inspection was to commence in the vineyard as soon as the crop was

sufficiently advanced to form a close estimate of the percentage of the crop to go in each grade and the grower to be informed as to the amount of each package to be procured. And instructions as to picking and packing to be given. The matter of field packing was brought up and it was decided to pack nothing but fruit which had been picked a sufficient time to wilt the stem and cause the bunch to become pliable so as to pack a solid basket of fruit that would not settle and would not crack the grapes at the union of the stem by twisting or pressure in packing.

The bulk could be packed in the fields and it was the opinion of most of the growers that the better and cheaper way was to pick only the best fruit while working on the 8 pound grade and leave the bulk to be cleaned up at such a time as the best market conditions on this grade would indicate.

About twenty of the growers present agreed to the plan and will ship this season. Many others have the matter under serious consideration and arrangements will be made on baskets and picking trays also the matter of a lithograph of the company trade mark and other items will be in shape to report at another meeting which will be called at an early date.

The matter of using the company trade mark on other fruits and shipping to distributing center either in car lots or under the best methods procurable was discussed and decided to operate in all products which the members desired handled.

All growers who are willing to live up to the rigid rules are welcome but the right to expel any member who violates his agreement is reserved.

Miss Boyett of Detroit came to Paw Paw the first of the week, to assume her new duties of trimmer for Sanger & Gardner.

Mrs. C. E. Wheeler and children of Kalamazoo returned home after a week's visit at the home of her parents, Mr. and Mrs. W. W. Marr.

CIRCUIT COURT WILL CONVENE ON MONDAY

Total of Fifty-four Cases on Calendar; Three Criminal, Twenty-four Divorce.

The circuit court for the county of Van Buren will convene next Monday with a calendar of 54 cases. The jury will be in attendance the second week.

The criminal calendar is very light this term, there being only three cases listed for trial. One appeal from justice court and two local option cases.

The calendar is made up as follows: criminal three; Issues of fact jury, 10; Issues of fact non jury, 8; Chancery first class, 23; Chancery second class, 10. Of the chancery cases, 24 are bills for divorce. Fifteen of this number will not be contested.

Owing to the very light criminal calendar, the session will undoubtedly be a short one.

NEW OFFICERS IN THE LEAGUE

Secretary of State League
of Republican Clubs
Has Resigned.

Roy E. Brownell of Fenton, Mich., has resigned his office of secretary of the State League of Republican clubs to accept the position as secretary of the Taft campaign committee with headquarters in Grand Rapids. The fact that the constitution of the State League of Republican clubs expressly forbids the league to participate in factional politics prior to the nominations necessitated this action.

W. A. Waite of Detroit, president of the league, announced the following appointments to fill vacancies, subject to the approval of the advisory council: F. N. Wakeman of Paw Paw, advanced from treasurer to secretary and Ex-Rapier, senatorial Chas. Van Keuren of Lansing as treasurer.

The province of the league is to organize and maintain Republican clubs throughout the state and to co-operate with the State Central committee in furthering the interests of the Republican party after the nominations have been made. President Waite has outlined the work of the league and it is probable that it will play an important part in Republican politics during the coming campaign.

A meeting of the officers and committees has been called for Bay City the day of the State convention, April 11, 1912.

The league officers regret the resignation of its efficient secretary, Roy Brownell, but the Taft campaign committee is to be congratulated on its good judgment in selecting such a capable man for the important position of secretary.

RESULT DEPENDS ON LEGAL POINT

There was but one ticket in the field for village officers in Hartford this year. A large vote was polled however on account of the Electric Light Franchise and the Water Bonding proposition.

The former carried by a safe majority, but the bonding question is yet in doubt and a nice legal point is raised in determining the result of the ballot. It requires a three-fifths majority to carry a bonding question, and strange to say the question was apparently carried by the exact three-fifths of the total vote as counted. Several ballots however, were thrown out on account of having been incorrectly marked, and now the question arises, whether or not the statute contemplates a three-fifths vote of the actual votes counted or three-fifths of all the votes cast, whether counted or not. The question has been referred to the Attorney General for a ruling.

KEPT THEM GUESSING.

The social given by the G. A. R. and W. R. C. at the home of Mrs. Martha Bennett last Saturday evening was well attended, over 50 being present. Among the amusements of the evening was a guessing contest in which the wits were called into action. Mrs. Jesse Wilson won first prize in this contest, and A. Bilbo second. There was a good deal of excitement and much merriment over the strife. The Misses Myrtle and Ethel Cole contributed to the program with recitations, as did also little Miss Dorothy Tuttle. Miss Helene Marr gave a reading which was much enjoyed and Rev. A. T. Luther gave a very interesting talk. The program as a whole was very pleasing. Refreshments were served.

The next meeting will be held at the G. A. R. hall Saturday evening, March 23. There will be a program.

The village election last Monday was unusually quiet, but resulted in a complete Republican victory. There was a total of 346 votes cast, which is some less than has been voted in years gone by. There was a lack of the usual street campaigning and campaign issues. Both tickets were made up of representative citizens and business men and the village was assured of good service, no matter who was elected. Had it been known that the result would have been so close on several of the nominees it is probable that there would have been a scurrying for votes at the last minute. There were 108 straight Republican votes and 82 straight Citizens' votes cast. The rest were badly marked.

Henry Shaefer, the popular register of deeds, is the new president. It seems to be a precedent established in this office, as both M. L. Decker and John Mutchler served as village president during their terms of office. Mr. Shaefer announces that it will be his aim to work in harmony with the council in all things that pertain to the welfare of the village.

The majority given W. V. Hall for clerk was a just tribute to his efforts, his executive ability and service during the past year.

Jerome C. Warner for assessor headed the list in the number of votes received.

It is a cold day when anyone can go out and corral more votes than Jerome.

The ticket elected is a good one and the citizens of the village have a right to expect much of them during the year. Following is the vote in detail:

President—Henry E. Shaefer, Rep., 171; Melford D. Buskirk, Cit., 167.

Clerk—Willis V. Hall, Rep., 198; Wm. H. Mason, Cit., 137.

Treasurer—Cyrus P. Trescott, Rep., 168; Marley Nunnen, Cit., 165.

Assessor—Jerome C. Warner, Rep., 210; Chas. C. Young, Cit., 125.

Trustees—Fred R. Bassett, Rep., 175; Roy L. Tuttle, Rep., 197; Volney R. Hungerford, Rep., 190; Glenn W. Munson, Cit., 153; Wm. J. Ellis, Cit., 123; Alfred Hindenach, Cit., 122.

VICTORY FOR REPUBLICANS

Entire Ticket Elected in
Village Election Last
Monday.

HENRY SHAEFER IS PRESIDENT

Defeats Citizens' Candidate by Narrow
Margin of Four Votes. Trescott
Also Gets Close Shave.

The village election last Monday was unusually quiet, but resulted in a complete Republican victory. There was a total of 346 votes cast, which is some less than has been voted in years gone by. There was a lack of the usual street campaigning and campaign issues. Both tickets were made up of representative citizens and business men and the village was assured of good service, no matter who was elected.
